MOBILIARIO

nowa szkoła

Dear Clients,

For 30 years nowa szkoła has been taking care of children's development by creating a safe space for education. Thanks to our experience, we can cater for the needs of students and teachers in an ever-changing reality.

Our products combine modern design with high standards while the team of experienced designers, trusted suppliers and innovative manufacturing solutions guarantee high quality of our products as well as services. International certificates and compliance of products with regulations attest to our high standards. Inside the catalogue, you will find our usual offer with a special addition of carefully selected novelties for 2023:

FURNITURE including 15 collections: Minty, Fantasy (Forest, Jungle, Farm, Royal, Wave), Pastel & Rainbow, Cubo, Fresh, Prima, Classical, Modern, Exclusive, Train, as well as chairs, tables and desks, cloakrooms, soft seats, equipment for cloakrooms and bathrooms.

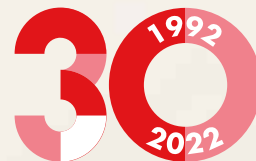

REHABILITATION & ACTIVITY PLAY which consist of foam shapes, soft rockers, mattresses, dry pools, sensory aids, gym equipment for active play or rehabilitation.

EDUCATION in the form of teaching aids, which especially teachers of mathematics, geography, biology, chemistry, physics, ICT, arts & crafts will appreciate. In this category, you will also see educational accessories as well as toys promoting the development of the little ones.

We hope that the selection will be a source of inspiration and we will be happy to assist you in building a wide offer for your customers.

nowa szkoła team

nowa szkoła

OUR MISSION

Our core mission is to create space for education. With 30 years of experience in the field, we strive to further develop the brand in accordance with the idea of corporate social responsibility. As nowa

szkółą we do our best to follow the latest trends in education in a pro-social and ecological way while keeping children at the heart of everything we do.

OUR VISION

Thanks to our team of committed and qualified employees we are able to respond quickly to the constantly evolving needs of the little ones which arise from the current global situation, new social problems, and technological development.

Our goal is to take responsibility not only for the quality of products and services but also for the environment. We want to become a company known for its quality and a portfolio which cater for a wide range of clientele.

OUR STRATEGY

In everything we do, we always keep the good of children, teachers, care workers and the environment in mind. By planning ahead, and making sure to leave some room for flexibility, we strive to constantly enhance our brand reputation. To guide us in carrying out our mission, we established 3 base points which ensure that we stay true to our rules of conduct and areas of activity.

1

Customer satisfaction

We care about the quality of our products and services as well as punctuality of deliveries. The continuous certification process ensures that all safety standards are met.

2

Cooperation policy and transparency of actions

We believe that teamwork can get us the best results, and it's visible in our well-organised structure. In a spirit of mutual respect, confirmed by the ISO 9001:2015 quality management system certificate, we take into consideration social interest and fair relationship with stakeholders.

3

Ecology

Care for the environment is an integral part of the company's policy. We promote the idea of an ecological attitude by monitoring our energy and water consumption, efficient use of resources, introducing improvements like reusing materials or the use of cardboard packaging – being our hallmark.

EXPERIENCE

SATISFIED CUSTOMERS ON EVERY CONTINENT

We are active on the Polish and international market

- 40 000 clients in Poland
- 200 distributors around the world in nearly 60 countries

INTERNATIONAL CERTIFICATES AND STANDARDS

Each year more and more products undergo a certification process to prove their quality. During this process we have obtained the ISO 9001:2015 quality management system certificate - the audit covered the manufacturing

facility as well as the warehouse in following areas: design, production, storage, and sale.

ISO 9001
LL-C (Certification)

POLISH MANUFACTURING FACILITY WITH MODERN MACHINE PARK AND WAREHOUSE

Thanks to the qualified team and modern machinery we are able to take on varied and ambitious projects. Our recently built A+ high storage warehouse was designed in

accordance with the principles of sustainable development which is confirmed by BREEAM certification.

CREATIVE DESIGNERS

Our team of highly qualified people with open minds is continuously working on new designs. User-friendly functionality is of utmost importance to us.

WIDE SELECTION

Every year we make our product selection richer and more diverse to cater for individual needs of clients. Everyone can find something for themselves, from nurseries, kindergartens, primary or secondary schools, children with special educational needs to seniors.

years of experience on the education market

Based in Poland, we are a Polish company and a leader in the Polish and global educational market. As a company with more than 30 years of experience, we equally care about the product safety, quality and comfort of children and teachers.

COOPERATION WITH SPECIALISTS

Every project is consulted with quality work specialists as well as teachers and methodologists who work with children on a daily basis – children are our main, and at the same time the most demanding and uncompromising, customers.

RELIABLE SUPPLIERS

During our presence on the education market for more than 30 years, we have built strong and lasting relationships with over 500 key, responsible suppliers.

CERTIFICATES & STANDARDS

To make sure that our products meet all the safety standards we cooperate with a reputable company like the Technical Supervision Institute (Instytut Nadzoru Technicznego Sp. z o.o. (INT)), which is an accredited provider of testing and certification services for industries active in the areas of sports, furniture, education, and architecture. Credibility, impartiality, and reliability of the Institute is ensured by the Polish Centre for Accreditation. All certificates issued by the Technical Supervision Institute are recognized throughout the European Union in accordance with EU Regulation No. 765/2008. Additionally, the accreditation no. AC 171 for product

certification body allows the Technical Supervision Institute to provide certifications for sports equipment, furniture and equipment for playgrounds and games. The company also offers services in product certification, technical inspection, and acceptance. The focus on high-quality and professionalism allows the company to build lasting connections with leading producers, distributors, and importers from various industries. The authenticity as well as the validity of certificates can be confirmed in a special search engine:

www.Instytut-nadzoru.com

The fact that nowa szkoła has been certified by the Technical Supervision Institute guarantees safety and ensure that all our products meet the required norms and quality standards.

The international ISO 9001:2015 norm defines the requirements for the quality management system.

nowa szkoła has met these requirements ISO 9001:2015

in order to conduct business in the fields of design, production, storage and sale of furniture as well as equipment for educational facilities, and on 9th July 2021 has obtained the ISO 9001:2015 certificate. The certified departments include design, production, storage, and sale. This certificate allows nowa szkoła to consistently deliver products and services conforming to its clients needs, and collaborate with Polish and international companies or institutions, while at the same time meeting all legal and regulatory requirements.

Minty is a collection in light pastel colours which combines functionality with aesthetic appeal. Its diverse modules have been specifically designed to meet the demands of the young, their daily rhythm and habits. The set consists of open and closed cabinets, storage cabinet for beds and linen and soft seats on castors. A unique element is a playhouse with a soft moulded floor - a safe hideaway and place for play. The set also includes

a minder's desk, which harmonizes with the whole series, and a large carpet with animal motifs (the same as on the cabinets)

- colour: neutral light green
- storage for beds and linen
- hideaway playhouse with roof and foam floor
- 6 versions of cabinets - doors with animal motifs
- cabinet with 4 foam pouffes
- cabinet with castored chests (frogs)
- desk with lockable door for minder
- chest set Caterpillar
- corner cabinets
- changing table

INTCERT
PN-EN 14749:2016-04

FANTASY FURNITURE

This series of children's furniture makes the arrangement of nurseries and kindergartens more vivid and interesting. Each of the five collections catches the eye with original colours and fairy tale-inspired applications. Open shelves, storage units and cabinets provide space for storing books, toys and teaching aids. The characteristic modular frame is mounted on stable legs. It also makes cleaning trouble-free - you can

conveniently vacuum or wash hard-to-reach places under furniture. Plastic legs are resistant to cleaning agents and they don't absorb water. The furniture is made of high-quality materials which are easy to clean and disinfect. Units exist as well on the green plinth.

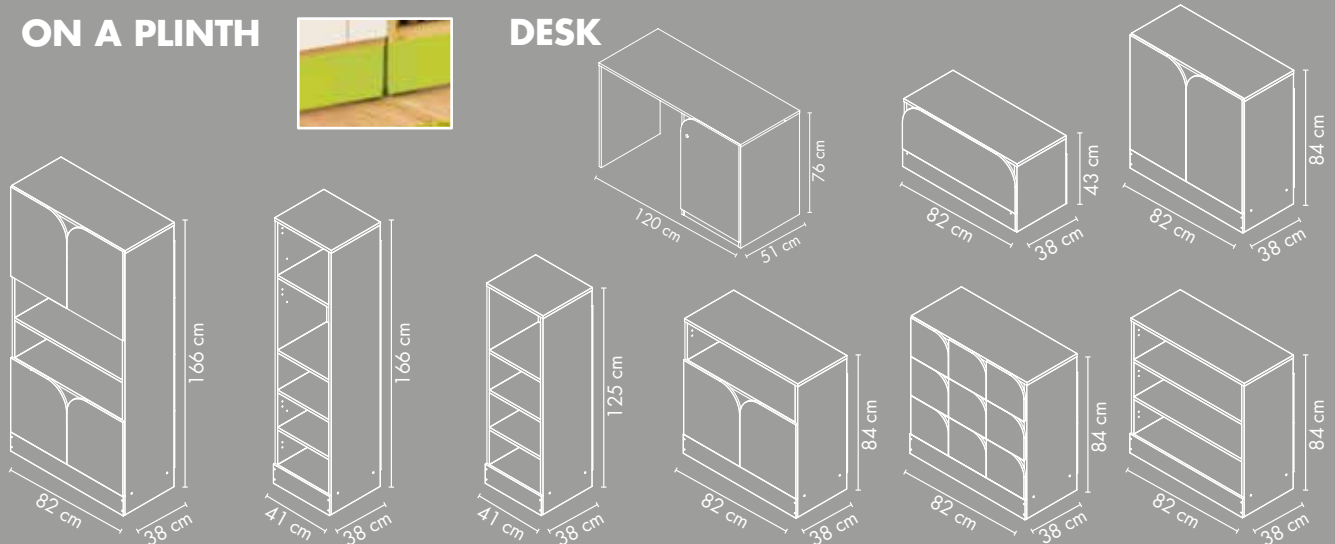

WITH LEGS

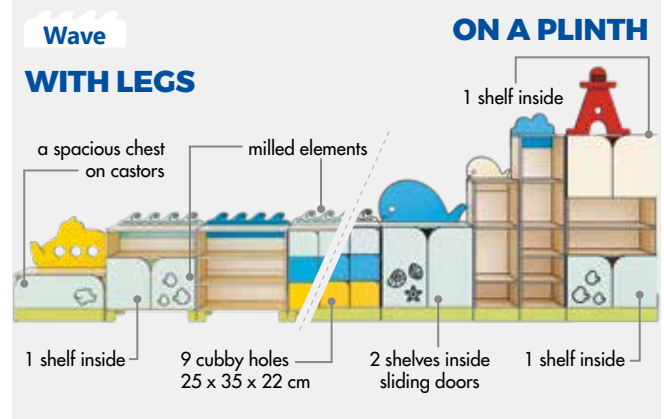

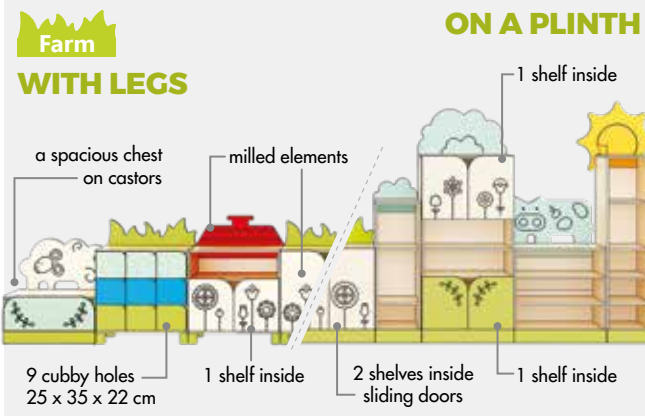

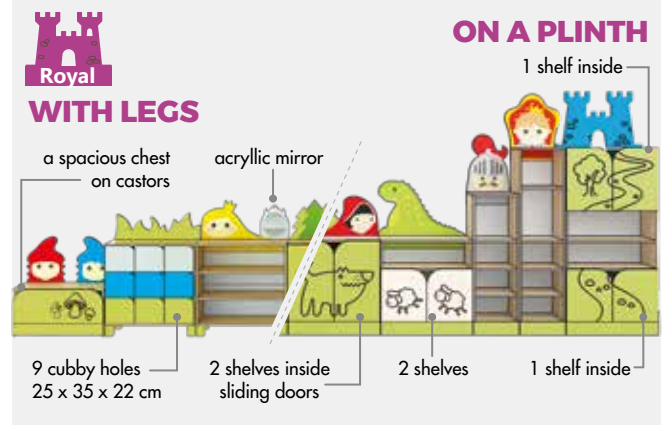

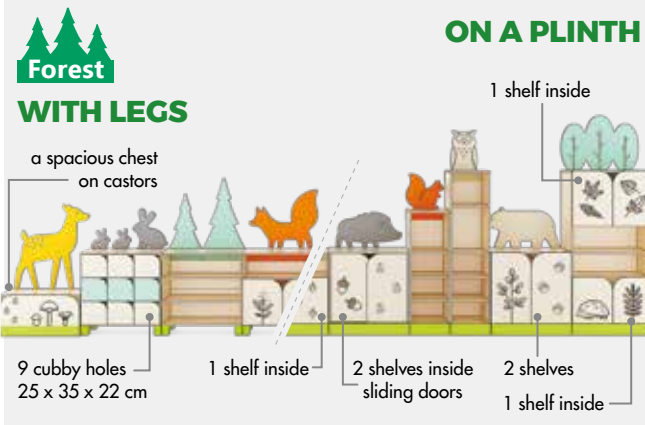

ON A PLINTH

DESK

Forest

Children love animals and they like to watch and play with them. To meet their needs, we present a new, Forest collection of Fantasy line. The whole line consists of the same furniture modules differing only by decorations and prints on the fronts. The Forest line has been additionally enriched with the teacher's desk. The furniture is perfect for furnishing nurseries and kindergarten rooms; they

create a functional space and help to organise the children's activities. The wide selection of modules allows you to freely arrange the interiors to make them suitable for the little ones. Their universal colour palette acts as a background for different elements and decorations. All furniture pieces can be purchased in a set or separately and with plastic legs or on a plinth.

PASTEL RAINBOW

Furniture collections Rainbow and Pastel stand out thanks to their functional and practical design which gives you the freedom to arrange the interior according to your individual needs. Equally important is the fact that each child in the group will have enough space to keep their things. Colours such as cream, green, mint, and blue in the Pastel collection will have a calming effect while delicate, subdued colours of the Rainbow collection will create a cheerful atmosphere. Cabinets with shelves are sold together with matching doors which can open on the left side or on the right side. The frame is made of laminated board in birch colour. The back and front walls are made of MDF board in blue, light-

green, cream, and mint colour (Pastel) as well as blue, green, yellow, and red (Rainbow).

The collection includes:

- Big module (9 compartments with shelves), dim.: 99 x 35 x 112 cm
- Small module (6 compartments with shelves), dim.: 66,5 x 35 x 112 cm
- Module 1 (6 compartments with shelves), dim.: 99 x 35 x 81 cm
- Module 4 (3 compartments with shelves), dim.: 99 x 35 x 113 cm
- Module 2 (3 compartments with shelves), dim.: 99 x 35 x 113 cm
- Module 3 (3 compartments with shelves), dim.: 99 x 35 x 113 cm

MATS FOR CABINETS

Practical and comfortable mattress in combination with Cubo basic modules unit creates a functional seat for nurseries, kindergartens and classrooms as well as therapy offices. It provides space for playing, learning, reading or relaxing, but will also work perfectly in cloakrooms and waiting rooms. This product is made of polyurethane foam with increased density and phthalate-free PVC fabric, which is easy to clean and disinfect. The mattress is attached to the seat base with Velcro. Available in two sizes and 6 colours.

To be attached by tape placed on the bottom of the mattresses

HIDING HOUSES

REGULAR

Specially designed for nursery and preschool rooms. An ideal base for play and a hiding place for those toddlers who need to quieten down or temporarily separate from the group. It is a cosy space to guarantee a feeling of security. The soft mattress inside is moulded so as to allow

the child to lie down or to sit. Because of its height the den requires attachment to a wall. The mattress comes in 2 colours and is sold separately.

- dim.: 153 x 54 x 149 cm;
- colour: birch, green, white, rosy, blue, grey;
- material: laminated particleboard 18 mm

**Cubo sensory den
NC0202**

- colour: birch, green, white, rosy, blue, grey

**Cubo. Calming Hiding House grey-white
NC0203**

- Lime
NS1204

MAXI

Children have their own world. Sometimes they need a place to relax, calm down, day dream or read a book. Especially if they spend a lot of time in kindergarten or school. This hiding-house gives them possibility both to isolate themselves for a while and learn to be alone, as well as to play and talk with peers. It can also help to build socio-emotional relations. Depending on the needs, we offer three models of hiding-houses with a

solid structure made of laminated chipboard. Each house is equipped with seats and wall panels made of polyurethane foam and phthalate-free PVC fabric, which is easy to clean. There is space under the seats for toys, backpacks or shoes. For the more demanding, we have prepared a version of the hiding-house with storing space for books, magazines or toyboxes.

With corner seats

NC0211

- dim.: 130 x 108 x 210 cm, 4 corner seats with 4 wall panels;
- material: chipboard, polyurethane foam, PVC fabric, colour: birch

With couches

NC0212

- dim.: 130 x 108 x 210 cm, 2 double sofas with wall panel;
- material: chipboard, polyurethane foam, PVC fabric, colour: birch

With a couch and a cabinet

NC0213

- dim.: 130 x 108 x 210 cm, 1 double seat sofa with wall panel, bookcase with 9 shelves; material: chipboard, polyurethane foam, PVC fabric, colour: birch

CHANGING UNITS

If you combine the presented elements from the Cubo line, you can create a changing unit which is unique and safe for the little ones. The mattresses available in different colours allow you to customise the piece of furniture in order to match your interior.

**Cubo Changing Unit
NC0300**

- changing unit on socle with 4 niches;
- dim.: 77 x 74,5 x 100 cm; type: standalone;
- it is made of 18 mm thick chipboard in birch colour

**Add-in for the Cubo Changing Unit
NC0302**

- add-on with 3 niches; type: add-on; it is made of birch-coloured chipboard, 18 mm thick; 3 shelves made of 18 mm thick chipboard, dim.: 13 x 16,6 cm, in birch colour

STAIRS FOR CHANGING UNIT

Stairs with railings designed for the Cubo changing unit (NC0300). They allow children to step right up on their own. While this solution gives a chance for toddlers to train their skill of climbing the stairs, it facilitates the work of caregivers.

- dim.: 49,2 x 70 x 85 cm;
- 4 steps;
- material: sides made of MDF board, 12 mm thick, in white;
- stairs made of chipboard, 18 mm thick

**- Blue
NC0303**

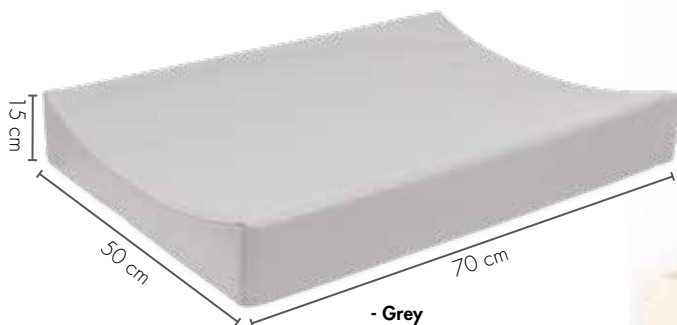

**- Birch

FRESH

Our furniture series Fresh allows for optimum adaptation of a room, while giving it lightness. This is possible thanks to the variety of wall cabinet and shelving types and all the cupboards are available in two sizes. Additionally, the legs and castors create an extra space which makes the room look larger, as well as providing easy access underneath for cleaning. The shelf units are available in several types and all the medium standing units in two width sizes.

The distinctive feature of the line are the colourful shelves; the distances between them allow for easy storage of documents and ring binders. The new version of Fresh furniture line helps arrange the classroom so as to display educational aids in a better way. Children may watch models and figures through the glass doors of cabinets to which, however, only the teacher has the keys. This line is particularly recommended for science classrooms, in which observation and

experimentation are the most commonly used teaching methods.

- 5 colour options: orange, green, white, grey and birch;
- two sizes of standing and hanging cabinets (92 and 47 cm);
- coloured shelves;
- plastic trays in 8 colours;
- handy handles (the colour matches that of the doors, drawers and shelves);
- easy assembly;
- sold with legs;
- plastic legs (orange, green or brown; 4 pieces, H 10 cm);
- accessories sold separately

FRESH SNAKE

An element intended to enrich the bookcase series Fresh. The coloured poufs will make great seats for children to relax while listening to a story or reading a favourite book. The set of nine soft poufs can be used as a decoration in each room. The elements can also be joined together as puzzle pieces and so inspire children to play creatively in a playgroup or at school. All the elements are ergonomic and easy for children to carry around and arrange as they please, and they are safe thanks to no sharp edging. The cover is nice to the touch and easy to clean.

- particular elements can form a pouf around a box to match the bookcase Fresh (NM9500);
- it is possible to buy only four elements with which to form a cube (NM0010), a circle (NM0020) or an oval (NM0015)

**Pouf – Oval

TALL CABINETS

Tall cabinets are a good storage place for educational aids or documents. All things that you want to keep safe yet handy should go into cabinets and drawers. Books are most handy on open shelves and aids will look their best behind glass lockable doors. With height-adjustable shelves you can make the most of the cabinet space. Things intended to be accessible to all are best placed on open shelves. Those used under the supervision of a teacher should be locked behind a glass door.

PRIMA

The central theme of the economy series Prima are muted colours and a wealth of combinations. Its formal minimalism and functionality make it a universal set of furniture, ideal for a classroom, teachers' room or the head's office.

The spacious cubby holes will accommodate educational aids, ring binders, books and

class registers. The open shelves are intended for the handiest objects and documents. The lockable units will be useful for important documents or aids with restricted access.

- one colour of the frame: birch or beech;
- two door versions: laminated board and glass - both lockable;
- ready-made sets available as seen;
- cabinet for registers;
- dimensions: 90 x 40 x 190 cm

Minimalist design combined with white colour and functionality makes the interior look original. Lockers with spacious shelves provide storage space for books while capacious cabinets can store teaching aids. Chests of drawers are perfect for keeping all necessary items in a given room. Single or double wardrobes provide space for clothes or personal belongings. The offer also includes desks with drawers and add-ons, which increase the surface of the tabletop. The calm white colour of the furniture can be a source of inspiration, it improves mood and creates a peaceful atmosphere. This series is well-suited for classrooms, science labs and teacher's room.

Universal stand for keeping rolled up vertical teaching aids, e.x.maps, boards or paper rolls. Equipped with wheels which are helpfull in moving the stand with it's content.

- dim.: 72 x 65 x 84 cm;
- material: 18 mm furniture board in birch colour, 12 mm MDF board in white/green colour, white/green wire;
- 4 wheels

CLASSICAL monocolour

A proven and recognized line of furniture. It is very functional and allows unlimited combinations of colour arrangements, as well as a large display area. The containers, drawers and boxes help children to sort their school utensils and keep them tidy. Arranging a safe and comfortable interior is easier thanks to the wide variety of units and accessories. Decorative boards. The colourful boards will enliven every nursery classroom. The variety of colours and shapes stimulates children's imagination and encourages them to play on the surface of the furniture. Thanks

to their construction, cardboard trays hold a weight of up to 42 kgs, while remaining light and safe for children. Cardboard and wooden trays, which come in various colours, are aesthetic and very durable. Their dimensions fit the Classical series. All the elements are sold separately.

- five heights:
54, 74, 93, 112, 131 cm

MO DE RN

The Modern series combines functionality with modern design.

Particularly, the units can be adjusted to various rooms and different expectations from older and younger users. Five cabinet sizes, optional doors and top sections, a large display area, space for trays selected individually for size and colour - all these features make this set very practical and easy to use. The modern colour scheme will create bright atmosphere in every room.

- 5 heights of standard cabinets:
57 cm, 76 cm, 95 cm, 114 cm, 134 cm;
- 5 heights of cabinets with top extensions:
131 cm, 150 cm, 169 cm, 188 cm, 208 cm;

Extras:

- plastic trays (deep, shallow and maxi);
- cardboard trays (deep and shallow);
- doors to cabinets and upper sections;
- locks for selected models

DOORS

The furniture series "Modern" combines functionality with the latest trends in interior design. It offers not only a wide range of cabinet heights to choose from but also the possibility of installing doors, add-ons and containers. These solutions allow you to

arrange the interior according to your needs. The use of classic white and grey colour favors cognitive activity and makes the space more peaceful. Light, natural colours are a safe choice for interior design in various styles. They work well with different materials and surfaces.

EXCLUSIVE

Modern furniture collection ideal for creating any workspace in educational institutions. The furniture's system helps to arrange headmaster's office and secretariats functionally and aesthetically. This collection is also well suited for arranging open or regular office spaces and conference rooms. Practical desks with storage space for documents and other accessories ensure optimal working conditions. They are equipped with several innovative solutions which allow users to adjust them to individual preferences and the nature of work. Reception desks characterised by simple construction and sweeping forms endow elegant and welcoming interiors. A perfect addition to every office is a round coffee table which is also available in our offer. For storing, we recommend spacious chests of drawers, cabinets and two-door wardrobes. This solid furniture line was made of durable chipboard, 18 and 25 mm thick. Simple shapes and versatile colours inspired by natural birch wood combined with subtle white fronts bring harmony into the interior, stimulate creativity and favour decision-making.

TRAIN

Train. A chain of storage units imitating a train (engine + carriages). Its length is limited only by the size of the room. The fancy shapes and multicoloured finish turn the room into a fantasy world. A very functional set which provides a lot of space for display and storage. The cupboards are made of white laminate. The doors, drawers applications in delicate pastel colours add liveliness to the whole interior.

12 NEW FURNITURE

SCREENS

Colourful, aesthetic room screens. Their sizes and designs will make any space look more accessible, friendly, and interesting. To divide a bigger room, for example to create thematic corners, teacher may want to choose short room

screens which will allow them to keep an eye on children while they play. Additionally, the screens can be used as playpens.

FRESH SNAKE

An element intended to enrich the bookcase series Fresh. The coloured poufs will make great seats for children to relax while listening to a story or reading a favourite book. The set of nine soft poufs can be used as a decoration in each room. The elements can also be joined together as puzzle pieces and so inspire children to play creatively in a playgroup or at school. All the elements are ergonomic and easy for children to carry around and arrange as they please, and they are safe thanks to no sharp edging. The cover is nice to the touch and easy to clean.

- particular elements can form a pouf around a box to match the bookcase Fresh (NM9500);
- it is possible to buy only four elements with which to form a cube (NM0010), a circle (NM0020) or an oval (NM0015)

**Pouf – Oval

MAP HANGERS

You can store more than one map on the hooks. On the back of each map there are two labels with the name and type of the map. Thanks to this each one can be easily located and identified without the need of unrolling it.

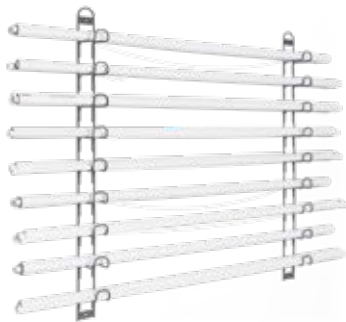

**Map rack
ANW440**

- dim.: 100 x 55 x 130 cm

for 40 maps

Light practical stands are ideal for storing and presenting maps and wall charts, especially in schools and colleges. They help organize space functionally and economically. Wall racks help store in order maps and charts in large numbers and in perfect order. The stands are made of metal rods and profiles and fixed to a base with legs or on castors.

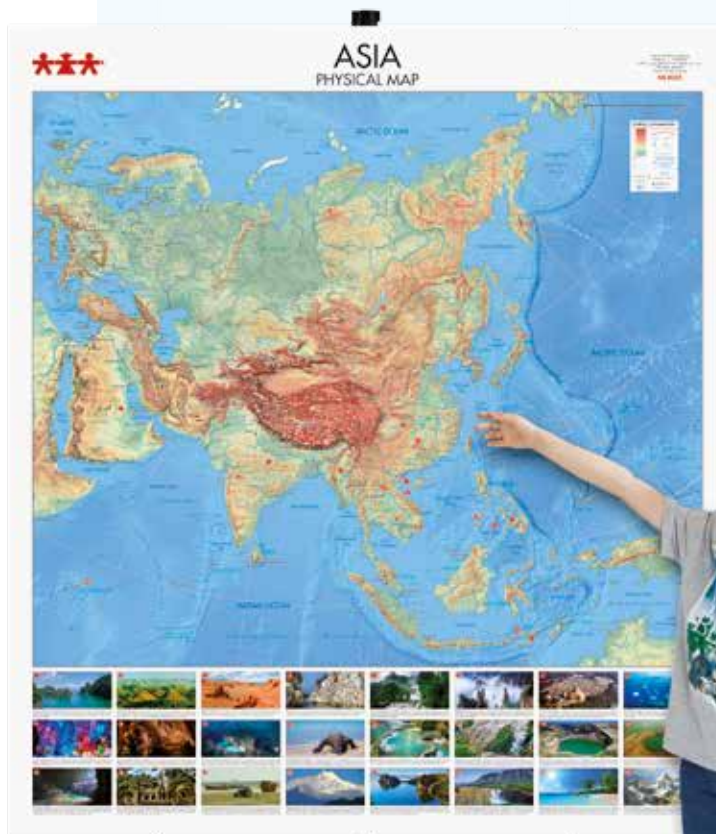

**Wall mounted
ANW200**

- 2 pcs; dim.: 8 x 13 x 120 cm;
- place for 18 maps

**Map stand
ANW600**

- height max.: 220 cm

3D PRINTER CABINETS

3D print is slowly becoming a standard in schools. Thanks to this new technology of three-dimensional print, the process of learning is much more interesting and much easier to understand. To fully take advantage of the possibilities which 3D print provides, good quality accessories and a 3D printer are necessary. Among the selected products, you can find high quality filaments and a specially designed printer stand with a cabinet

Cabinet for 3D printers and filaments BAL0001

Cabinet for the printer and filaments. It is made of furniture board, 18 mm thick, in birch colour and MDF board, 12 mm thick, in grey colour. The stand is equipped with 6 deep plastic containers, 3 white and 3 grey, as well as a pair of doors

with a lock. Inside the stand, there are two shelves. 3 filament holders and 2 side limiters for the printer are placed on the back wall. Beige plastic legs, 5 pcs, can be replaced with furniture castors, sold separately – NJ0904.

- dim of the stand: 103,7 x 57 x 181,8 cm;
- tabletop height: 104 cm

Cabinet for 3D printers and filaments BAL0002

Cabinet made of birch and grey chipboard with three hooks for filaments. A pair of lockable doors. Lockable cabinet inside has a shelf. The furniture

has five legs for strength and stability of the structure. The set includes three plastic containers with lids in a color mix.

- dim.: 92 x 53,2 x 173 cm;
- top height: 101 cm

TABLES

EKOSTEEL

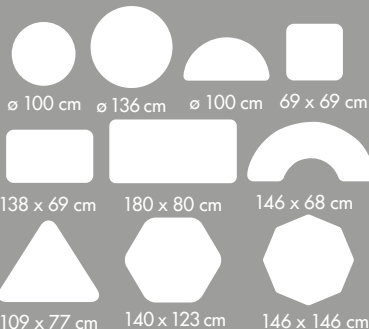

WITH METAL LEGS

A rich selection of table tops designed specifically to fit into school interiors. The presented styles differ by shape, size and colouring. When combined with metal legs (sold separately) of different heights, they create a comfortable workspace adjusted to the age and height of the user. Thanks to the special connecting elements (NTH0001), the table tops can be combined in various configurations. This solution guarantees freedom and comfort of work for many users. Each table top is made of laminated chipboard, 25 mm thick, with multiplex edge. In our offer, we present table tops in ten shapes and ten colours.

WOODEN LEGS

CLASSIC

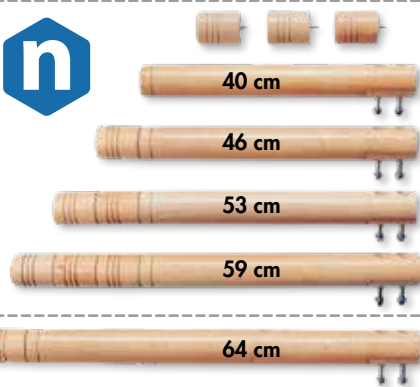

Round wooden table legs with height regulation thanks to which the table can be adjusted to the height of the user. Functional and easy to mount nuts allow you to choose from four or two height levels. Regulation ranges from 0 to 3 are suited for children up to 10 years old while those of 3 to 4 are perfect for

primary school students. Tabletops and legs are sold separately.

- regulated height 0 – 4 (40, 46, 53, 59, 64 cm);
- varnished beech wood;
- circular cross-section – ø 48 mm;
- top mounting;
- the height can be adjusted by loosening or tightening the nuts

FOLDING TABLES

SLIM

top protection when folded in grey

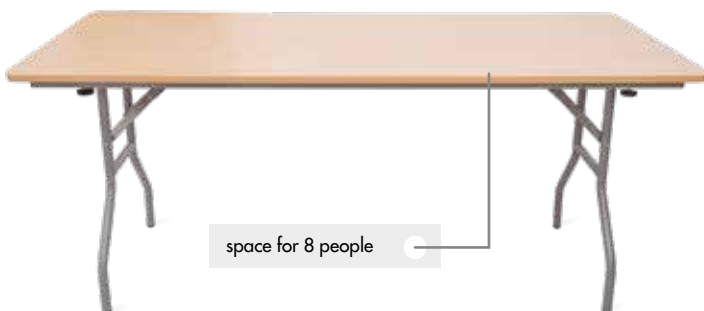

Slim Folding table - HPL laminated chipboard NS7600

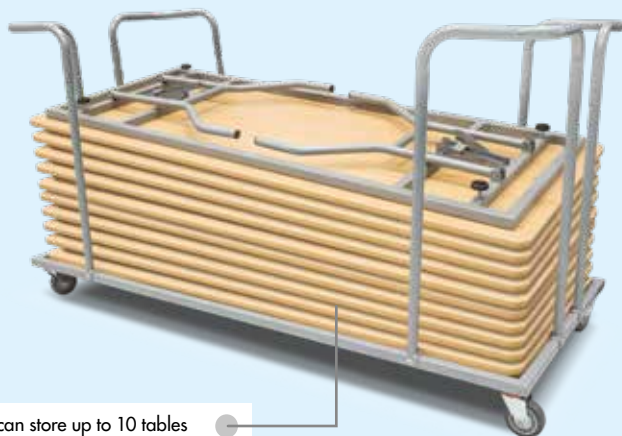

Table equipped with a large worktop made of HPL laminated chipboard and with rim, beech coloured. Solid metal base with folding function makes storing and transport easy. Fasteners protect the table top against bending and uncontrolled folding. It is perfect for common rooms, dining rooms and outdoor events.

- dim.: 180 x 76 x 76 cm;
- material: table top made of HPL laminated chipboard, 18 mm thick, frame made of metal profiles with dim.: 28 x 1,5 mm (round) i 30 x 30 x 1,5 mm (square) powder coated in grey

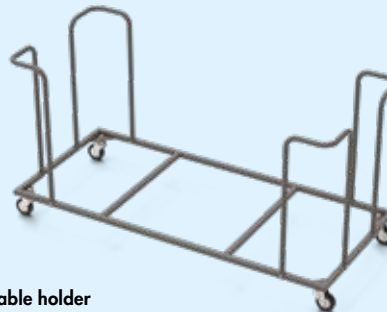

Ergonomic and comfortable Slim table holder. Thanks to this solution, you can quickly and efficiently move the Slim tables from place to place as well as safely store them while saving space. The mounted wheels allow mobility, and the possibility of locking them, ensures safety.

space for 8 people

can store up to 10 tables

Slim table holder NS7650

- table holder „Slim“ equipped with four wheels, two of them with breaks;
- material: metal; colour: grey; it can store up to 10 tables; dim.: 83 x 187 x 86 cm

Slim Folding table – plastic NS7700

Light and practical table equipped with a big table top made of high-quality synthetic material which is resistant to mechanical and chemical damage as well as high temperature. It's solid construction with folding function is based on a metal frame that ensures stability. A special lock prevents accidental folding during use. This table is simple to use. When folded, it takes up little space and is easy to store. It will work perfectly during parties or outdoors classes.

- dim.: 180 x 74 x 74 cm
- material: top made of high-density polyethylene, frame made of tubes, dim.: 25 x 1 mm, powder coated

Slim Chair stand NS7501

Mobile stand with a metal frame for storing and transporting Slim chairs. Equipped with four wheels, including two with a brake. They can store a maximum of 10 chairs.

- dim.: 45 x 74 x 121 cm

Slim Folding chair NS7500

This practical and functional chair has foldable frame, making it easy to hide when not in use. It doesn't take up too much space. Stable and light construction, easy to fold and move to another place, makes it a perfect solution when an additional place to sit is needed or when the space has to be rearranged because of a given activity. Ideally suited to multi-functional rooms. The backrest and seat are made of HPL laminated plywood. The frame of the chair is made of round metal profiles with plastic gliders to prevent scratching the floor.

- dim.: 44,5 x 48,8 x 82,5 cm; material: the seat and the backrest are made of plywood, 8 mm thick, covered with HPL laminate; the frame of the chair is made of metal profiles: 22 x 1,2 mm and 16 x 1,2 mm, powder coated in grey

KANTYNA

Remarkably practical mobile tables with benches or seats. An ideal solution for educational institutions and wherever quick working or eating space is

required. Quick, tool-free assembly. Equipped with castor wheels for safe and easy transportation. When folded, they take up little space, which makes storage

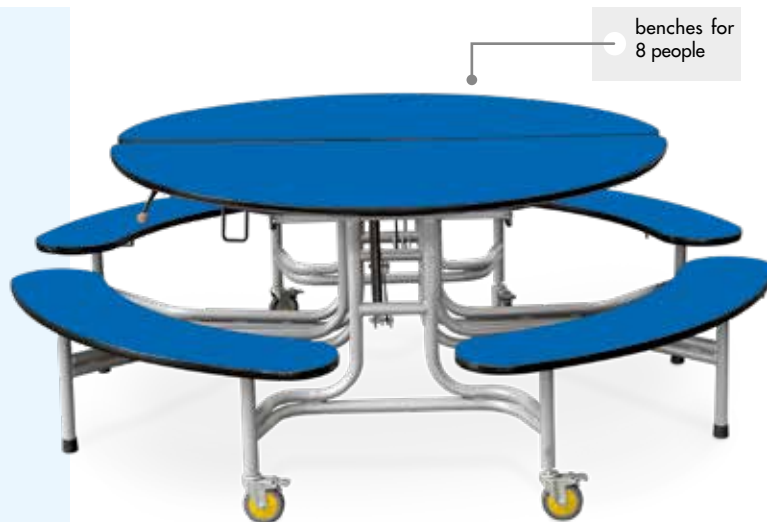

easier. The metal framework is powder painted. The seat legs are protected with plastic ferrules.

12 seats

Rectangular mobile folding table seating unit NS7800

ASO

ASO DESK

High-quality single, double and triple desks in sizes 3, 4, 5, 6 and 7. The tops with safe rounded corners are made of durable 18 mm HPL laminated chipboard in beech effect.

HPL is a thermosetting scratch-, crash-, heat- and chemical-resistant material, and as such is an ideal option with older pupils in school labs or biology workshops.

The top comes in three sizes: single (69 x 50 cm), double (130 x 50 cm) and triple (180 x 50 cm). The framework and legs are made of steel square tubing 40 x 40 mm painted grey. Level adjustment.

WORKBENCHES

Student's workbench BAN001

- tabletop made of 25 mm thick plywood;
- dim.: 100 x 60 cm;
- regulated height: 71-76-82-88 cm provides the possibility of working in a sitting or standing position; leg profile: 40 x 40 mm; leg wall thickness: 1,8 mm; thanks to the adjustable table feet, which allow the table to be levelled, the whole structure is stable

Student's workbench with an add-on BAN002

- tabletop made of 25 mm thick plywood;
- dim.: 100 x 64,5 cm;
- regulated height: 71-76-82-88 cm provides the possibility of working in a sitting or standing position; height with an add-on: 121-126 cm, dim. of the board: 100 x 50 cm, made of 18 mm thick furniture board; there are two boards on the add-on for the organisers to be installed, dim. of the organisers: 38,6 x 39 cm; leg profile: 40 x 40 mm; leg wall thickness: 1,8 mm; thanks to the adjustable table feet, which allow the table to be levelled, the whole structure is stable

Tables perfect for every studio or workshop. The tabletops are made of a thick, durable plywood which ensures stability and sturdiness of the construction. Thanks to the regulated height of the legs, you can work standing or sitting. These tables are universal, and they will prove useful during many workshop activities.

Teacher's workbench BAN003

- tabletop made of 25 mm thick plywood;
- dim.: 150 x 60 cm;
- regulated height: 71-76-82-88 cm provides the possibility of working in a sitting or standing position;
- leg profile: 40 x 40 mm;
- leg wall thickness: 1,8 mm;
- thanks to the adjustable table feet, which allow the table to be levelled, the whole structure is stable

Teacher's workbench with an add-on BAN004

- tabletop made of 25 mm thick plywood;
- dim.: 150 x 64,5 cm;
- regulated height: 71-76-82-88 cm provides the possibility of working in a sitting or standing position; height with an add-on: 121-126 cm, dim. of the board: 100 x 50 cm, made of 18 mm thick furniture board; there are four boards on the add-on for the organisers to be installed; two boards with the dim.: 38,6 x 39 cm and two boards with the dim.: 38,6 x 13 cm;
- leg profile: 40 x 40 mm; leg wall thickness: 1,8 mm; thanks to the adjustable table feet, which allow the table to be levelled, the whole structure is stable

Workbench ARN0001

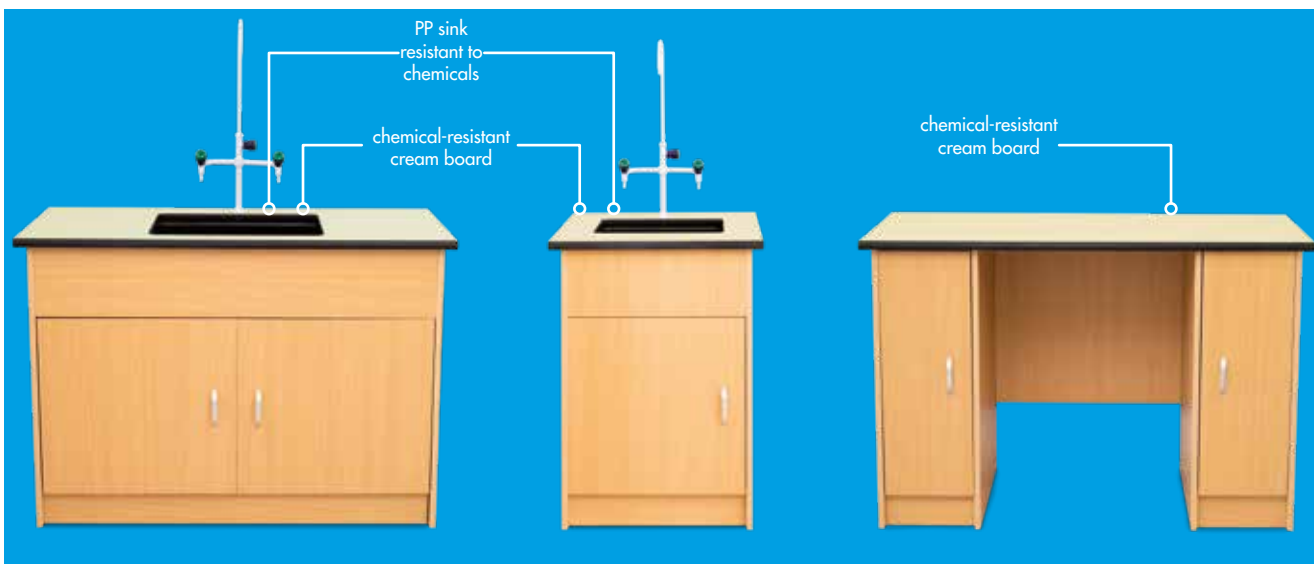

- dim.: 200 x 63,3 x 75,5 cm;
- school workbench made of 18 mm and 25 mm thick chipboard in grey colour;
- tabletop is made of plywood, 18 mm thick, back plinth of the tabletop is made of plywood, 18 mm thick and 12 mm high;
- the workbench is equipped with: doors closed with a lock, aluminium handles, drawers, 4 pcs: 3 drawers with central locking are placed on the left side;
- 1 shelf without a lock is placed in the central part under the tabletop

LAB WORKSTATION

Our lab furniture is the ideal solution for school science labs. It is manufactured using modern technology and it meets standards for educational institutions. The worktops are made of specialist high-quality 25 mm board resistant most chemicals, mainly acids. The material is also highly resistant to scratching, hard knocks, abrasion, stains, moisture as well as extreme temperatures. The work stations and the lab table are made of laminated

18 mm chipboard in beech finish and mounted on 13 cm pedestal on a slide for stability. The cream worktop and the beech body make an aesthetic colour combination and are easy to clean. In response to the demand from schools the work stations come in two sizes equipped with large and small sinks as well as taps. The series also includes a pupil table with two cabinets (one on each side).

Lab workstation (large) NS3233

A lab workstation for heavy physical and chemical apparatus. The PP sink (48.5 x 38.5 cm) with a tap is also resistant to chemicals and is inset into the worktop. The body is made of laminated 18 mm chipboard in beech effect.

- dim.: 120 x 60 x 85 cm;
- the worktop made of high-quality chemical-resistant cream 25 mm board

Lab workstation (small) NS3234

The worktop is made of high-quality chemical-resistant cream 25 mm board. The PP sink (38 x 28 cm) with a tap is also resistant to chemicals and is inset into the worktop. The body is made of laminated 18 mm chipboard in beech effect.

- dim.: 60 x 60 x 85 cm

Pupil lab table NS3235

A pupil lab table equipped with two cabinets (one on each side). Very durable and functional. The worktop is made of high-quality chemical-resistant cream 25 mm board. The PP sink (38 x 28 cm) with a tap is also resistant to chemicals and is inset into the worktop. The body is made of laminated 18 mm chipboard in beech effect.

CRAYON

This series combines functionality and economy of space. Open shelves are a great solution for a small cramped room where easy access to things saves time and makes changing clothes and shoes easy. The triple coat hook will easily hold coats and shoe bags and the rack under the bench will help keep shoes under control.

STORAGE

MAINTENANCE STORAGE

Storage unit for utility room NG9020

Functional utility cabinet with double doors equipped with a key lock. Divided into two parts. On the left there are four shelves for storing cleaning products, on the right there is space for cleaning equipment. The lack of a partition wall in the lower part allows you to keep, for example, buckets or shoes. The back wall has been perforated. The cabinet is made of metal and the powder coating protects it against mechanical damage as well as corrosion.

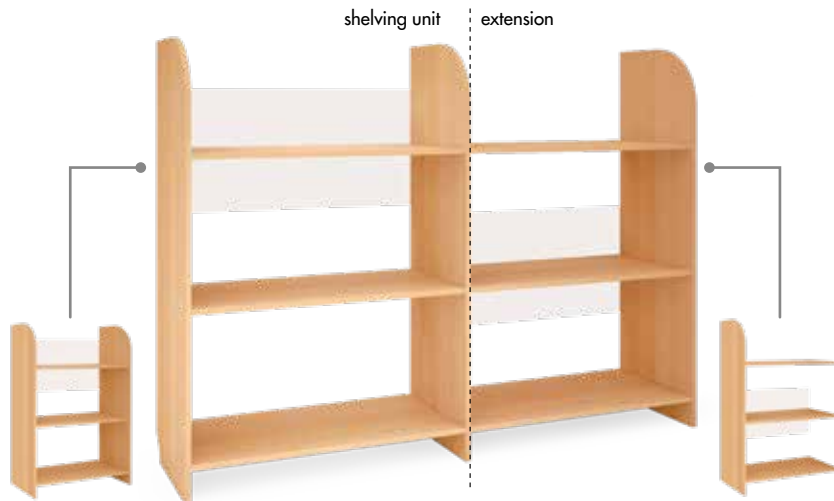

- dim.: 76 x 60 x 185 cm;
- material: metal;
- colour: light and dark grey;
- set of 2 keys included

Solid metal unit, which will prove useful especially in workshops or studios, for storing heavy items. The simple construction helps to maximise the usable space of the furniture.

BACKPACK STORAGE

**Upright Backpack Storage Unit
NS2125**

A unit with 3 shelves (colour: beech) to hold about 9 backpacks. Extra space available with an extension. The top corners are rounded and the unit can be fixed to the wall, which makes it comfortable and easy to use.

- W 93,6 cm; D 40 cm; H 135,6 cm

**Upright Backpack. Storage Unit Extension
NS2126**

An extension to the backpack storage unit in beech colour. Consists of a side wall and 3 shelves. Easy and safe to use thanks to the rounded top corners and the possibility of wall fixing

- W 93,6; D 40 cm; H 135,6 cm

**Backpack Storage Unit
NS2127**

A unit with 12 shelves for storing down standard backpacks. Made of a laminated board in birch colour. Comfortable and easy to use thanks to its rounded corners and wall attachability.

- W 127 cm, D 43,5 cm, H with the protective board 152 cm, w/o 118 cm

BEDROOM

KIDDY COTS

Available in colour:

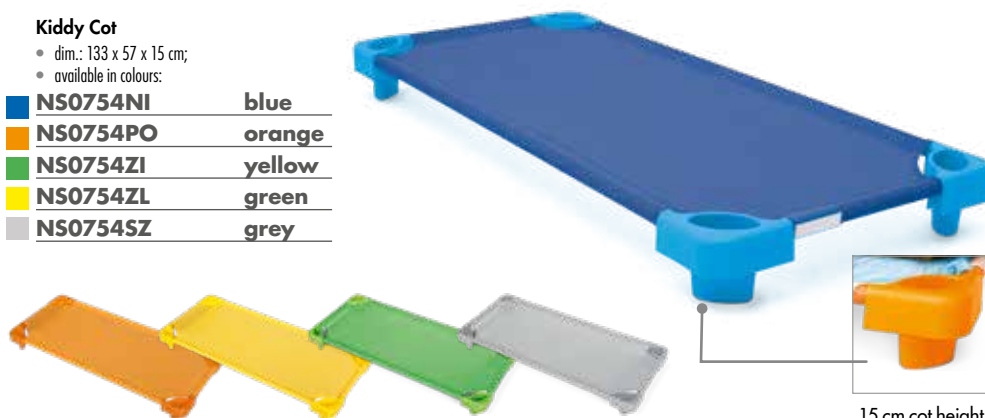

Made of steel tubing and stable colourful plastic elements. The corner parts serving as legs are rounded and have bolts inside inaccessible to children. The fabric is made of non-flammable and non-toxic material. Thanks to its mesh structure it is airy, easy to clean, and its tension can be easily adjusted even after long use. For easy transportation, the beds should be stacked on a dedicated trolley (NS0758).

SAFETY

TRANSPARENT SCREEN

Transparent antivirus shield.

Mobile screen AWF180

Screen is a perfect solution to create a separate space in a room according to individual needs. It can be also used for recommended health protection in educational institutions, nursing homes or treatment rooms. Thanks to the light steel frame and wheels, the screen can be quickly moved or put in a convenient place. Wide leg guarantees stability, and plastic feet protect floors against damage. The surface of the transparent and elastic

panel is made of smooth thick foil which allows the user to write on it with dry-erase markers and makes cleaning and disinfection easy. It is attached to the frame with Velcro. Screens can be transformed into a partition wall system. Self Assembly Required.

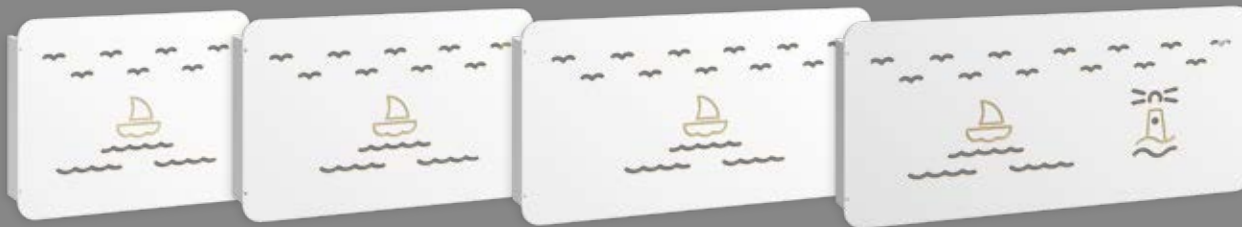

- dim.: 94,5 x 50 x 180 cm;
- material: frame made of grey metal pipes with a diameter 2,2 cm, curtain made of transparent plastic, 0,15 mm thick, dim.: 160 x 94,5 cm;
- 2 wheels diam. 4 cm;
- screens are connected by plastic connectors included with the product – one piece

RADIATOR COVERS

The heat-radiator cover has openings in different shapes, thanks to which the heating of the room is not hampered. Rounded rims in the upper part ensure safety and make them suitable for use in kindergartens and schools. Thanks to the sea inspired applications and colours, the radiators blend in well with any

interior design. Self Assembly Required (mounting elements are not included).

PVC WITH HANDLES

The rehabilitation cushion is intended for rehabilitation and gymnastic exercises. Additionally, it works perfectly as a seat. Filled with granulate which helps it to adjust to the shape of the body, making the resting time more comfortable. Equipped with a convenient handle which allows the cushion to be moved. The lightness of the product and the phthalate-free PVC fabric makes it possible to use outdoors.

- dim.: 107 x 90 cm;
- weight: 5 kg;
- material: polystyrene granulate, PVC fabric;
- colour: white-grey or lime-black

**Lime-black
NS2230**

**White-grey
NS2294**

Successful rehabilitation requires good quality functional equipment. Foam shapes are standard tools necessary for the implementation of therapy. We offer them in many different shapes and sizes. Their inside is made of polyurethane foam, covered with an aesthetic phthalate-free PVC fabric in various colours. Thanks to foam shapes, the users can effectively train the upper and lower parts of their bodies. Pear-shaped cushions are great for sitting and exercising. They adapt perfectly to the position of the body, and they can be formed according to the needs of the user. Additionally, they can prove

useful during rehabilitation and other therapeutic activities. However, they are also perfect as a comfortable seat. Some models are equipped with a handle which makes moving them from one place to another much easier. Their quality design, high quality granules and durable PVC or Oxford fabric guarantee long service life. Styrofoam granules, which can be found inside pear-shaped cushions and other rehabilitation cushions, wear out naturally after about a year of intensive use. We recommend refilling the cushions with new granules which you can find under the code: NS1585.

CARPETS

HEAT SET FRISE

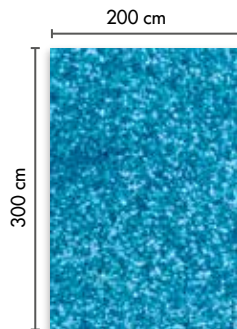

Carpets made in Heat-SET frize technology are characterized by high density, tall bristles. The pile of the carpet, thanks to the special, notched weave of threads is soft to touch, comfortable in use and it resembles wool. The fibers are antistatic, deformation and wear resistant. The anti-bacterial carpet pile prevents the ingress of dirt into the deep bristle structure. The carpet is additionally covered with a flame-retardant coating to ensure safety. The jute fabric underneath the carpet protects the floor from scratching and makes it suitable for use with underfloor heating. They are easy to clean and allergy friendly. Carpets with the Polish Hygienic Certificate are free from harmful chemicals.

Parameters.:

- the pile +/- 13mm, weight +/- 2400 g/m²,
- material: 100% PP Heat set

POLYAMIDE WITH PATTERN

Carpets make the interiors cosy and comfortable. The presented carpets, which complete the Fantasy collection, in addition to aesthetic values, also provide space for physical and mental activities. Themed prints can inspire lots of fun games as well as stimulate curiosity and encourage interaction. The material from which they were made ensures the durability of the product.

HEAT SET FRISE

**Jungle
DL0500**

A carpet made from a double frise polypropylene yarn. These carpets are soft, antiallergic, anti-static, fade and wear resistant, easy to clean and with a non-slip bottom.

- dim.: 4 x 5 m
- heat set frise carpet

**Emotions. Round carpet
NS1106**

A round carpet with images of faces featuring emotions which helps develop social skills.

- ø 2 m;
- material: loop boucle;
- easy-to-clean non-slip latex bottom, overlock finishing

**Numbers. Round carpet
MU0006**

Round polyamide carpet covered with latex on the underside. The print of numbers on colourful backgrounds proves useful in learning to count or during games.

- ø 2 m

**Ladybird
HK0006**

- ø 2 m

SOFT MATS

A nice to touch mat with child-friendly prints. It owes its softness to polyurethane foam filling and polyester microfleece. The underside has non-slip properties which ensure safety. The mat isolates from the cold surfaces and provides space for different carpet activities in the nursery or kindergarten. It does not pill, and the upkeep is easy.
